2000 0 2000 4000 Feet

PLEASE NOTE:

Identification herein of property as open space and/or inclusion of selected property in this open space plan does not prohibit, preclude or otherwise limit development.

This map is intended for planning use and does not take the place of on-site evaluation.

Nothing on this map implies the right of public access to privately owned land.

Single conductor transmission lines and local distribution lines are not included in this inventory. Information derived from field evaluation and interpretation of aerial photographs.
