SECTION 113. MISREPRESENTATION

SECTION 114. LICENSE EXPIRATION DATE

Each shellfish license issued under the authority of this Ordinance expires at midnight on the 31st day of December next following date of issue, unless otherwise specified in this ordinance.

SECTION 115. RECIPROCAL HARVESTING PRIVILEGES

Licenses from any other municipality cooperating with this municipality on a joint shellfish management program may harvest shellfish according to the terms of their shellfish licenses.

SECTION 116. NUMBERS OF LICENSES AND NOTICE OF PERIOD OF ISSUANCE

Because the shellfish resources are limited and because a commercial or recreational digger can be expected to harvest a certain volume of clams per year, the number of diggers must be controlled. This number will vary from year to year depending upon estimates of the resource capabilities and management requirements consistent with good resource utilization. The following procedures will be followed to exercise control:

1. Prior to November 1st of each year, the Town Shellfish Conservation Commission with the approval of the Commissioner of Marine Resources shall prepare its recommendation to the Town Council of the number of resident and non-resident commercial and recreational shellfish licenses to be made available.
2. The Shellfish Conservation Commission will notify the Town Council in Cumberland in writing prior to December 1st of the recommended number of resident and non-resident commercial and recreational shellfish licenses to be

made available. The Town Council then shall adopt a shellfish license allocation. The Shellfish Conservation Commission, in preparing a recommended allocation of shellfish licenses, and the Town Council, in adopting an allocation of shellfish licenses, shall provide and reserve a minimum number of shellfish licenses for non-residents, which shall be a number not less than 10% of the number of shellfish licenses provided for residents. When the number of commercial resident shellfish licenses is less than ten (10) but more than five (5), at least one (1) non-resident commercial shellfish license shall be provided. When the number of resident commercial shellfish licenses is five (5) or fewer, non-resident commercial shellfish licenses shall not be required.

3. The period of issuance for shellfish licenses shall be from January 1st to December 31st each year. After March 31st any remaining shellfish licenses shall be issued to Residents and Non-Residents on a first come first serve basis unless the alternative licensing procedure described in Section 116.7 is used.
4. At least ten (10) days prior to the issuance of shellfish licenses, the Town Clerk, upon direction of the Town Council, shall provide notice of the number of shellfish licenses, resident and non-resident, and the procedure for application for such shellfish licenses by publishing the same in a trade or industry publication or in a newspaper or combination of newspapers with general circulation which the Town Council considers effective in reaching persons affected, and by posting the same in the Town Office until the period of issuance concludes.
5. When the number of licenses are limited, the Town Clerk shall issue Commercial, Non-Resident Commercial, Resident Recreational and Non-Resident Recreational Shellfish licenses as allocated, according to the following procedure:
 - a. The Town Clerk and/or Deputy Clerk shall accept applications for Commercial, Commercial Non-Resident, Resident Recreational and Non-Resident Recreational Shellfish licenses from resident and non-resident applicants during regular town office hours through the month of December.
 - b. The Clerk shall prepare a list of the names of the qualifying applicants; the list need not be in any particular order. Next to each name on the list, the clerk shall enter a unique three-digit number, selected at random, and shall write each such number on an index card. All the index cards shall be of uniform size, color and texture.
 - c. The numbered index cards shall then be placed in a box or other container capable of being closed and sufficiently large so the index cards can be easily mixed by shaking the container.
 - d. The Clerk's assistant shall shake the container in order to mix the contents, and shall then place or hold the container at a location above the Clerk's eye level, so that the Clerk can reach into the

container and withdraw cards without seeing the numbers on the cards.

e. The Clerk shall withdraw all of the cards one-by-one, reading each number drawn out loud. The Clerk's assistant shall make a list of each of the numbers so drawn in the order in which they are drawn. Then, using the list prepared under subparagraph (b) above, the Clerk shall place the corresponding applicant's name next to each number.

f. The Clerk shall then issue the available shellfish licenses to the qualifying applicants, first to residents and then to non-residents, in the order in which their names appear on the list prepared under subparagraph (e). That list shall establish the order of priority for the issuance of any Commercial, Non-Resident Commercial and Non-Resident Recreational Shellfish licenses until the next annual licensing procedure under this Ordinance.

g. The procedure set forth in this Section 116 shall be a public proceeding, open to the public, but no applicant or any member of the public has any right to participate in the procedure. Applicants are not required to be present at the time the issuance list is established. The procedure shall be conducted at the Cumberland Town Office on the date designated in the Town Clerk Notice as provided in Section 115.4, at a time set by the Town Clerk. The Clerk shall announce the exact time for the procedure by posting a notice in the Cumberland Town Office at least seven (7) days prior to the date of the procedure. Any failure to provide such notice shall not invalidate the results of the procedure.

6. A copy of the Cumberland Shellfish Ordinance shall be given with each shellfish license issue.

7. **ALTERNATIVE LICENSING PROCEDURES**

In the event that the Shellfish Conservation Commission shall establish that no limit on recreational licenses shall be imposed, the following procedure shall govern the issuance of licenses notwithstanding the provisions of Section 116 (1-4).

A. Beginning on the first business day of January, the Town Clerk shall issue resident recreational licenses to residents upon application, said licenses to be effective that day.

B. On the third business day of January, the Town Clerk shall issue non-resident recreational licenses as follows:

- a. As defined in Section 108.3a (Volunteer Program), the Town Clerk shall issue non-resident recreational licenses to all eligible volunteers.
 - b. A lottery system as defined in Section 116.5. (b-g) shall be used to allocate the remaining non-residential recreational licenses. All non-resident recreational license applications in receipt by the Town Clerk on the day of the drawing shall be included in the lottery. All applicants will be assigned a number in the order they are drawn and placed on a waiting list.
 - c. When 250 resident recreational licenses are sold, The Town Clerk shall issue one additional non-resident recreational license to the next waiting list applicant. Thereafter, one additional non-resident recreational license shall be issued to the next applicant on the waiting list upon sale of 10 additional resident recreational license.
 - d. Any person notified by the Town Clerk that they have been selected from the waiting list for a non-resident recreational license shall pay the applicable license fee within fourteen (14) business days of the mailing of said notice of eligibility. In the event that the person fails to make an application, qualify, or pay the license fee within the prescribed time period, they shall be returned to the end of the waiting list.
 - e. Any person making application for a non resident recreational license after the drawing date shall be placed at the end of the waiting list.
- C. Resident Senior citizen licenses issued shall not be counted in the calculation of licenses sold under this section.
- D. Recreational licenses issued to Maine Certified Shellfish Wardens of the Town of Cumberland shall not be counted in the calculation of licenses sold under this section.

Upon concurrence of the Department of Marine Resources area biologist that the status of the shellfish resources and other factors bearing on sound management indicate that an area should be opened or closed for either recreational or commercial harvesting, the Shellfish Conservation Commission may call a public hearing on ten day's notice published in a newspaper having general circulation in the Town, stating the time, place, and subject matter of the hearing, and shall send a copy of the notice to the Department of Marine Resources.
